Why are you running an MGEC office?

I'd like to add variety to the MGEC board – I work in a rural DOT district, and I believe I would provide a unique perspective to the board as we deal with different issues in greater Minnesota. I want to get involved in the process of implementing our goals and addressing our issues.

Additional Information you want to share with members:

My previous work experience includes a private firm, a City, a County, and 3 different state agencies, one of which was a right-to-work state. I believe this background gives me a unique perspective in implementing our goals and addressing our issues.
