Why are you running for an MGEC office?

I currently serve as a Representative on the Graduate Engineer Development Committee (GEDC) which provides resources to current Rotating Grad Engineers/Surveyors as well as plans and coordinates the semiannual Grad Meetings. I am interested in getting involved with MGEC because I think more can be done to strengthen the lines of communication between the MGEC Board and its Membership, as well as improve outreach efforts made to new members.

Thank you for taking the time to consider my candidacy as Director and thank you for voting in the MGEC Election.

Additional information you want to share with members?

I have been with the State of Minnesota for over 5 years of combined service as a Student Worker and Grad Engineer. During my time with the State, I have worked for the Pollution

Control Agency in Saint Paul as well as multiple offices at the Department of Transportation (both as a Student Worker and a Rotating Grad). I will be starting my permanent position as a Grad 2 Engineer out of the SE Residence Office of Construction in Mendota Heights this December.
