Why are you running for an MGEC office?

I am running for an MGEC office because I believe it is important to get involved with an organization that determines important aspects about my career, like health insurance, pay raises, and maternity leave, etc.. I think it is crucial to represent the upcoming generation of workers with new ideas while learning from the exiting work class. We are all an essential part of the working class in Minnesota and we need representatives that are able to express this.
