Why are you running for an MGEC office?

*I have been a longtime full MGEC member. I would like to work for the betterment of MGEC members. Working as a director would allow me to be in touch with members, understand their problems and issues, and bring these to the attention of state's management and political leadership.*

Additional information you want to share with members:

*I have served MGEC members for several years as a member of Activity Committee and Scholarship Committee. I have about twenty-five years of work experience at different levels in various organizations. I have worked in public, private, and academic sectors. As a director, I will use all my knowledge and experience to serve MGEC members for better working conditions and wages.*
