Why are you running for an MGEC office?

As a current board member, I am running again to continue to get a better understanding of the operational aspects of the State as well as MGEC. I hope to use this knowledge for both continuous improvement and enhanced economics during bargaining.

Additional information you want to share with members:

I am a new father (6 months), so my previous hobbies of golfing, hunting, fishing, etc. have been diminished – at least for the time being. I was able to use PPL and personally understand how fortunate a benefit it will be for future new parents.
