Why are you running an MGEC office?

*I feel that I am well qualified to serve on the board of directors with over 37 years experience working for state government, including the California DOT and the Minnesota DOT. I spent time working in the district offices and in the Central Office. I've enjoyed my time serving on the board and I am excited with the prospect of continuing to serve. I believe that I offer an important perspective to MGEC and am helping to make a real difference.*
