	<i>Negotiations</i>			<i>Committee Member</i>		
	<i>Contact person</i>			<i>Instructor</i>		

Number of years working for the State	4	Number of years a full MGEC member	4
---------------------------------------	---	------------------------------------	---

Why are you running an MGEC office?

*I would like the opportunity to represent the interests of the younger and newer members of MGEC. Admittedly, I do not have a lot of the experience that the other candidates have, but I believe it is important that all levels of workers be represented on the board. I would like to push for better compensation for the lower level engineers so that we stop losing them, and the investments we've made in them, to the private sector.*

Additional information you want to share with members:

*I have worked for MnDOT for the last four years. I completed the Graduate Engineer rotational program where I worked in MnDOT's Metro Office, Bridge Office, and District 6. I have been working in MnDOT Metro Design as a final design squad leader for the last 2 years which has given me the opportunity to meet and work with many different MnDOT groups.*
